CORKERS AND TWISTERS

By Mrs. O'Houlihan.

The birds that sing in the trees,
The fish that swim in the seas,
Find sport and joy as they can.
But nothing is sweeter than honey,
And nothing is better than money
Says Mrs. O'Houlihan.

An amusing story is told of an incident occurring during the construction of the new railroad bridge over the Kentucky river in this city, after the old one had been destroyed by fire during the civil war. The carpenters were busy on the bridge, laying the timbers for the support of the railroad track. A small block of wood, used in the work, lay near the edge of the temporary plank walk across the bridge, and a soldier of a Maryland regiment stationed in the city, in crossing over the bridge, whistling a merry tune as he went, inadvertently kicked the block of wood into the river.

The master builder, greatly incensed at the loss, broke out into a volley of curses and abuse. The soldier, without a moment's hesitation, leaped into the river, recovered the block of wood, and whistling blithely as he went, swam to shore and, amid the cheers of the workmen and spectators, climbed up on the bridge and still whistling, carried the block to the spot from which it had been displaced, and then, without noticing the approving remarks and laughter of the spectators, went on his way over the bridge, whistling the same lively air. It had never ceased except when he was under the water.

Some one has suggested that the ordinances of the city ought to be published. It was much better to have them enforced. For instance, the ordinance against blockading the sidewalks with barrels, boxes, merchandise, wheelbarrows and chicken-coops, so pedestrians are required to pick their way through. So, the ordinance against fast driving, when it is dangerous to cross the street at the peril of life and limb, or the health ordinance for promoting the hygiene of the city—by-the-by, is there such a thing as a health officer, or has that inoffensive individual been abolished?

Four stout, athletic, respectable policemen were recently seen driving a poor cow across the bridge from South Frankfort. The animal had probably been engaged in wanton destruction of private property, and probably was being taken under arrest to the city court to answer such charge as the four policemen might prefer. The cow evidently had little chance, under the circumstances, and the owner, no doubt, contributed "chicken feed."

The granitoid pavement on the south side of Broadway, between Washington and St. Clair street, is probably more used by pedestrians than any other in the city,

except the one, possibly, leading to South Frankfort.

The French have their boulevard the Mexicans their plaza, and New York its Central Park, whilst Bellepoint has its musical, gladiatorial and disjunctural arena open day and night, at the corner of Kentucky and Benson avenues. Performances rendered on the saw-mill stage.

It is a mistake to suppose there has been a change of "loss" in the work on the L. & N. depot, as the same push and energy and the same large force of workmen, has been apparent in the past few weeks as heretofore. And we may add, the baggage of passengers is dumped on the sidewalk in the rain as cheerfully as ever.

HAPPY RESULTS

Have Made Many Frankfort Residents Enthusiastic.

No wonder scores of Frankfort citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Frankfort by Doan's Kidney Pills. W. T. Frazier, proprietor of Frazier's Candy Kitchen, 48 St. Clair St., residing at No. 5 Second St., says: "The efficacy of Doan's Kidney Pills are amply proven in my case. I suffered from back-ache a great deal, often so severely that I could not turn in bed. In the morning when I got up, it was a common thing to feel lame and sore in the back. Being on my feet so much of the time in my store no doubt tended to aggravate the trouble. Anxious to find some relief and a permanent cure if possible, when I learned of Doan's Kidney Pills, and saw them so highly recommended by people living nearby, I went to J. W. Gayle's drug store and got a box. It was a glad surprise to me to find that after taking them for a day or two they were removing the pain. I continued the treatment, and by the time I had finished the box, the trouble was entirely removed. Up-to-date, I have felt no recurrence. It is a pleasure to me to endorse this preparation."

For sale by all dealers. Price 50 cents. Foster-McMunn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

SLIGHT MISTAKE.

In our notice of the declaration of dividends made by the solid financial institutions of our city, in last week's paper, the Farmers Bank of Frankfort was credited with only a three per cent. dividend, whereas it should have been five per cent. In fact the last two dividends declared by this bank were both five per cent. This shows that its stock is gilded.

If you are constipated, dull, or bilious, or have a sallow, listless complexion, try Laxets just once to see what they will do for you. Laxets are little toothsome candy tablets—nice to eat, nice in effect. No gripping, no pain. Just a gentle laxative effect that is pleasantly desirable. Handy for the vest pocket or purse. Laxets come to you in beautiful lithographed metal boxes at 5 cents and 25 cents. Sold by all dealers.

LUSUS NATURAE

On Monday last a mare belonging to Mr. W. C. Bryant, who lives near St. John's In The Wilderness, gave birth to three mule colts—two black and one sorrel-mare colts.

This is something out of the usual run of things. We regret to learn that our friend had the misfortune to have the colts die. The colts were all well developed and seemingly all right.

WISE COUNSEL FROM THE SOUTH.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at all druggists. Price 50c.

VENGEFUL DARKEY.

Hugh Woolfolk, a colored boy about 19 years of age, took a shot at Mr. Jack Sullivan, who runs the saloon at the junction of High and Broadway streets, on Saturday evening. The ball went wide and Woolfolk skidded. He was afterwards arrested by Officers Brown and Reagan, and lodged in jail.

The boy claimed that Sullivan owed him a small sum of money, which he refused to pay. Sullivan has only been here a short time and says he has no idea why the boy shot at him.

SWIFT BURGLAR.

Mr. Earl Rogers went to his window. He at once gave chase and the burglar dodged into an alley and escaped in the darkness. Killing the bucket, set it down and Mr. Rogers, who is somewhat of a sprinter "his own self," found close the shutters. When he reached the place he found a burglar scoundrel.

HARGIS TRIAL FARCE STOPPED BY COURT OF APPEALS

The farce of a trial of James Hargis, for the murder of Dr. Cox, was entered upon at Jackson this week.

It soon became evident that there could be no semblance of a fair trial from the actions and rulings of the special judge, and, seeing this, the attorneys for the Commonwealth appealed to the Court of Appeals to grant an order stopping the farce and ordering the Judge to answer the writ on Tuesday next, January 15.

The situation had become so tense that, if the trial had proceeded, there is no doubt but that there would have been bloodshed. The good people of Breathitt county had simply made up their minds to have a real trial or none at all.

It is evident that there can never be a fair trial of the cases in Breathitt county, and it was the duty of the judge to have ordered a change of venue, as asked by the Commonwealth, to some other judicial district.

"Don't be a kicker or a stumbling block to any good intention. But try to do the best you can and do it like a man! Tear out the old year's growling and stop forever growling—Your neighbor is as wise as you, and why not try his plan?"

III.
"Don't talk about the weather, but all hands pull together. And lift the doubts and troubles from the middle of the road; The burdens will be lighter, the sunshine will be brighter. If you'll help the other fellow carry all his heavy load."

IV.
"Tis great to be a soldier of our grand American soldier. Tis lucky that Kentucky has a future passing fair; But the best of all good wishes that would bring the best of cheer, Is health, and hope, and happiness, within the glad new year."

The Frankfort Roundabout

Entered at the postoffice at Frankfort, Kentucky, as second-class mailable matter.

GEO. A. LEWIS, Prop'r and Pub.

FRANKFORT, JAN. 12, 1907.

TO OUR SUBSCRIBERS.

In a short time we will begin sending out our bills for subscription to the ROUNDABOUT.

We trust that our patrons will take time by the forelock and will pay up their arrearages before these reminders are sent to them.

There are a number of our patrons who owe us two or more years subscription, and, while these may be small sums to them, the aggregate to us amounts to quite respectable figures.

We do not wish to discontinue any subscription, but those who owe and will not pay, after a reasonable time, will have to be cut off.

CIRCUIT COURT MEETS—GRAND JURY.

The Franklin Circuit Court convened on Monday last, with Judge Robt. L. Stout presiding.

The grand jury was duly empanelled and charged. The following gentlemen compose that jury:

W. S. Dehoney, foreman; Huston Wood, James Heaney, Thos. J. Brislan, C. D. Hamilton, Ben Slattery, Tilden Cain, Oliver Johnson, Pat M. Hodges, G. L. Hulet, Benton Quire and W. B. Quinn.

The following gentlemen compose the petit jury:

No. 1—Albert G. Hodges, Jas. M. Zook, M. L. Phillips, Jos. R. Hale, Sim R. Shy, W. B. Polk, H. H. Moore, Daniel Glanton, J. J. Harrod, J. L. LeCompte, Geo. Gaines, Jos. Gibson.

No. 2—Forrest Harrod, Geo. Salender, Newton Shackelford, Carl Wilson, L. L. Snow, James Cushing, W. T. Dunigan, G. M. Alexander, Richmond Peyton, R. Handy Berryman, L. F. Shelton, Charles Jacobs.

G. W. MILLER PARALYZED.

Mr. Geo. W. Miller, the tinner, of this city, was paralyzed through all of his right side, on Saturday evening.

Mr. Miller, who is 70 years of age, has been an unusually vigorous man, and was at work in his tin shop on Saturday until a short while before stricken. He complained of not feeling well and went home in the afternoon. He

laid down on his bed and was stricken shortly afterwards.

Mr. Miller has been in business in this city for more than fifty years. He has raised a large family of children. Only a few years ago he was married to his second wife.

HEAVIER STEEL BRIDGE OVER WILKINSON STREET.

The L. & N. Railroad has been engaged this week in putting in a heavier and stronger steel bridge where that road crosses Wilkinson street, in this city.

The work has been done without stopping a single one of the numerous trains which pass over that structure.

The change was rendered necessary by the heavier engines and trains which are now run over the road.

The only inconvenience was that which compelled the traffic on Wilkinson street to go up Broadway or down Washington streets, which, of course, is nothing to make a noise about.

The new bridge is a fine piece of work.

STREET CARS CRASH TOGETHER.

On Saturday morning, during the dense fog, two street cars on the Traction Line came together, head on, at the rate of about fifteen miles an hour. It seems that the two motormen had each forgotten their fare boxes and one of them went back to the car barn for it, and the other one started back for his, and, owing to the fact that they could not see fifteen feet ahead, they came together with a terrible crash.

Motorman Robert Milton had his left leg broken and he was badly hurt internally.

Motorman O. R. McQuillen was cut about the head and face.

The accident occurred shortly after 6 o'clock when the fog hung so thickly over that section of the city that it could almost be cut with a knife.

The two injured men were given every attention by Manager Salles, Drs. C. A. Fish and O. B. Demaree being summoned to their aid.

Later—Milton lingered until Sunday night, when he passed away, after great suffering.

Milton was buried by the J. O. U. A. M., on Wednesday morning at home in the afternoon. He

INDUSTRIAL INTERESTS AT EXPOSITION.

The Baldwin Locomotive Works is Setting The Pace For Industrial Exhibits At The Exposition.

Norfolk, Va.—As an index to what is being done at the Jamestown Exposition in the industrial line, it may not be out of order to cite the work being done by the Baldwin Locomotive Works. It seems almost incredible but is nevertheless true that this company is erecting a building of its own 125x225 feet in which to display its own product. The building will cost \$100,000 and in it will be displayed the most complete and wonderful array of machinery in the motive power line that has ever been seen in this or any other country in the world.

Every device in the motive power line and in the line of transportation will be shown and demonstrated so fully and so completely that he who runs may read.

One of the features will be one of their finest locomotives mounted on a platform in such manner that the drive wheels will be kept in constant motion to demonstrate its perfection and show to the thousands of daily visitors what has been accomplished in that line since their first engine was built.

Hundreds of other concerns are also following the pace set, and the industrial exhibits in every line at the Jamestown Exposition will be such as have never been seen in the world before. Not a line or branch of industry will be missing when the gates of this, the greatest Exposition that has ever been held, swing open to the public on the 20th day of next April.

COMMUNICATED.

Anna Ewing, of Colville, Ky., arrived at Frankfort Wednesday evening, January 2, 1907, with the determination to show the President of the State Normal Colored School what she had to do to recommend this school to other people. I can say that I believe it did lots of good, because the school contains many, and there was only two that showed their ignorance to me. Since there was no more than two, I think that did fine for colored people.

A. E.

COMMUNICATED.

To the Editor of the Roundabout:

In an article written for the Roundabout, in last week's issue, the writer is evidently writing under a wrong impression, as to Choateville Church. Since it was built some years since, has not been without a pastor. Brother N. E. Florence, of Lexington, has been its pastor for the last three years, and before that Bro. T. Lemux held it for three years and Rev. H. M. Poigrove before that. All these preachers, to my personal knowledge, have been earnest young preachers and preached good sermons. Also, within the last few months, Bro. John Beazley, of New Castle; Bro. Shaw, of Mt. Zion Church, and Bro. Bars, of Lexington, have all been in the pulpit at Choateville. We are, of course, grieved if the young folks have transgressed the laws of their Church, but if we had to face our Maker and Judge to-night, we would rather be in the young folks' shoes than in the one's who is judging the young folks. It is surely better to be dancing, in light-hearted glee, than to be sitting in melancholy judgment of others. Judge not that thou be not judged.

GEO. A. LEWIS, Pro'r and Pub.

FRANKFORT, JAN. 12, 1907.

TO OUR SUBSCRIBERS.

In a short time we will begin sending out our bills for subscription to the ROUNDABOUT.

We trust that our patrons will take time by the forelock and will pay up their arrears before these reminders are sent to them.

There are a number of our patrons who owe us two or more years subscription, and, while these may be small sums to them, the aggregate to us amounts to quite respectable figures.

We do not wish to discontinue any subscription, but those who owe and will not pay, after a reasonable time, will have to be cut off.

G. W. MILLER PARALYZED.

Mr. Geo. W. Miller, the tinner, of this city, was paralyzed through all of his right side, on Saturday evening.

Mr. Miller, who is 70 years of age, has been an unusually vigorous man, and was at work in his tin shop on Saturday until a short while before stricken. He complained of not feeling well and went home in the afternoon. He

laid down on his bed and was stricken shortly afterwards.

Mr. Miller has been in business in this city for more than fifty years. He has raised a large family of children. Only a few years ago he was married to his second wife.

HEAVIER STEEL BRIDGE OVER WILKINSON STREET.

The L. & N. Railroad has been engaged this week in putting in a heavier and stronger steel bridge where that road crosses Wilkinson street, in this city.

The work has been done without stopping a single one of the numerous trains which pass over that structure.

The change was rendered necessary by the heavier engines and trains which are now run over the road.

The only inconvenience was that which compelled the traffic on Wilkinson street to go up Broadway or down Washington streets, which, of course, is nothing to make a noise about.

The new bridge is a fine piece of work.

STREET CARS CRASH TOGETHER.

On Saturday morning, during the dense fog, two street cars on the Traction Line came together, head on, at the rate of about fifteen miles an hour. It seems that the two motormen had each forgotten their fare boxes and one of them went back to the car barn for it, and the other one started back for his, and, owing to the fact that they could not see fifteen feet ahead, they came together with a terrible crash.

Motorman Robert Milton had his left leg broken and he was badly hurt internally.

Motorman O. R. McQuillen was cut about the head and face.

The accident occurred shortly after 6 o'clock when the fog hung so thickly over that section of the city that it could almost be cut with a knife.

The two injured men were given every attention by Manager Sallee, Drs. C. A. Fish and O. B. Demaree being summoned to their aid.

Later—Milton lingered until Sunday night, when he passed away, after great suffering.

Milton was buried by the J. O. U. A. M., on Wednesday morning.

INDUSTRIAL INTERESTS AT EXPOSITION.

The Baldwin Locomotive Works is Setting The Pace For Industrial Exhibits At The Exposition.

Norfolk, Va.—As an index to what is being done at the Jamestown Exposition in the industrial line, it may not be out of order to cite the work being done by the Baldwin Locomotive Works. It seems almost incredible but is nevertheless true that this company is erecting a building of its own 125x225 feet in which to display its own product. The building will cost \$100,000 and in it will be displayed the most complete and wonderful array of machinery in the motive power line that has ever been seen in this or any other country in the world.

Every device in the motive power line and in the line of transportation will be shown and demonstrated so fully and so completely that he who runs may read.

One of the features will be one of their finest locomotives mounted on a platform in such manner that the drive wheels will be kept in constant motion to demonstrate its perfection and show to the thousands of daily visitors what has been accomplished in that line since their first engine was built.

Hundreds of other concerns are also following the pace set, and the industrial exhibits in every line at the Jamestown Exposition will be such as have never been seen in the world before. Not a line or branch of industry will be missing when the gates of this, the greatest Exposition that has ever been held, swing open to the public on the 20th day of next April.

COMMUNICATED.

Anna Ewing, of Colville, Ky., arrived at Frankfort Wednesday evening, January 2, 1907, with the determination to show the President of the State Normal Colored School what she had done to recommend this school to other people. I can say that I believe it did lots of good, because the school contains many, and there was only two that showed their ignorance to me. Since there was no more than two, I think that did fine for colored people.

A. E.

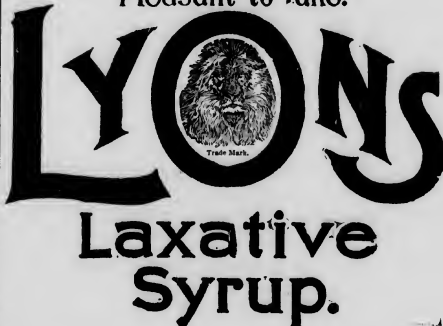

COMMUNICATED.

To the Editor of the Roundabout:

In an article written for the Roundabout, in last week's issue, the writer is evidently writing under a wrong impression, as to Chouteauville Church. Since it was built some years since, has not been without a pastor. Brother N. E. Florence, of Lexington, has been its pastor for the last three years, and before that Bro. T. Lennox held it for three years and Rev. H. M. Poigrove before that. All these preachers, to my personal knowledge, have been earnest young preachers and preached good sermons. Also, within the last few months, Bro. John Beazley, of New Castle; Bro. Shaw, of Mt. Zion Church, and Bro. Bars, of Lexington, have all been in the pulpit at Chouteauville. We are, of course, grieved if the young folks have transgressed the laws of their Church, but if we had to face our Maker and Judge to-night, we would rather be in the young folks' shoes than in the one's who is judging the young folks. It is surely better to be dancing, in light-hearted glee, than to be sitting in uncharitable judgment of others. Judge not that thou be not judged.

HERE IS WHAT MAKES US FEEL GOOD.

The following letter, among others, is what makes a oasis in the desert life of the editor of a newspaper. It is from a friend whose good opinion we value very highly. We certainly return to him our very best wishes for his New Year:

"The Roundabout":
I am not sure, but I have a guilty feeling that I may be among those naughty delinquents you are publishing, the "number of our patrons who owe us two or more years subscriptions." Any way, I enclose the amount, and if I am not delinquent for the past, you may give me a "good mark" for next year instead. The Roundabout is always a welcome news letter from my very dear old home. With best wishes to it, and all its staff, for the New Year, and all the years.

DEATHS.

WILLIAMS—In this city on Thursday, Mr. Wm. Russell Williams, aged 25 years.

Mr. Williams was born and raised in this city. He was as clever and popular a young man as ever lived here. He was for many years a valued employee of the Adams Express Co.

He had been in failing health for several months.

He leaves a father, mother, two sisters, a young wife and baby, to whom the sympathy of every one goes out.

The funeral services took place yesterday afternoon, conducted by Rev. A. B. Chinn, and the interment was in the Versailles Cemetery.

FRAZIER—In Atlanta, Ga., on Monday, Mrs. Georgia Ann Frazier, aged 77 years.

Mrs. Frazier was born, reared and lived in this county the greater part of her life. She was the daughter of the late Mr. Lee Macey, and was a handsome and popular lady.

She was a devout member of Presbyterian Church.

In early life she was married to the late Mr. Geo. E. Frazier, of this county, who preceded her to the grave scarcely a year ago.

She raised a large family of children, of whom only two survive her (Mrs. John W. Tremere, of this city, and Mrs. J. W. Patterson, of Atlanta, Ga.), there being quite a number of grandchildren.

She was an amiable, gentle and lovely woman, who won all hearts by the purity and integrity of her character.

The remains were brought to this city on Wednesday morning, the funeral services conducted from the Cemetery Chapel, by Rev. Wm. Crowe, and the burial was in the family lot.

We tender our sincere sympathy to the bereft.

MASTIN—At his home, in Woodford county, Mr. Wm. Henry Mastin, aged 72 years, of dropsy.

Mr. Mastin was of a sturdy, independent and big-hearted disposition—hospitable, genial and kind.

He was a member of the Glenn's Creek Baptist Church, and had been from a young man. He was a carpenter and builder by profession, as well as a good farmer. He was a man unusually popular with all who knew him.

A few months since his favorite daughter (who was an invalid for years) passed away at the King's Daughters Hospital, in this city, and he seemed unable to recover from the shock, and failed rapidly from that time to the end.

He leaves a devoted wife, three sons (Wm. H. J., Geo. M., and Theophilus S.) and three daughters (Mrs. Ruth Mantell, Mrs.

Pink Laval, and Miss Ethel) to mourn an affectionate and tender husband and father.

He also leaves one brother (Mr. Geo. M. Mastin, of Davies county), and two sisters (Mrs. Davis Edwards and Mrs. Wm. W. Boyette, of Woodford county), and a large circle of friends, who will miss his cheery smile and genial courtesy.

We have often enjoyed the hospitality of his home, and always found him happiest when surrounded by a house full of friends and loved ones.

The funeral services were conducted on Thursday, by Rev. Dr. E. C. Dargan, his pastor, and the interment was in the Versailles Cemetery.

Our sincerest sympathy goes out to the bereft family of our departed friend and brother.

Much business was transacted beneficial to the tobacco raisers of the State.

A banquet was served to the delegates by the Business Men's Club.

Reports were made showing that enough tobacco was now controlled by the organization to control the market to a large extent.

The next convention will be held at Henderson.

The following officers were elected for the next term:

President—David Moreland, of Ohio county.

Vice President—M. C. Rankin, of Henry county.

Secretary—S. B. Robertson, of McLean county.

A large delegation was selected to attend the National Convention and the body adjourned.

The whole convention was enthusiastic over the outlook of the tobacco crop.

How Nature Provides.

Our Beauty, Health and Happiness.

It is not possible, and altogether probable that elements necessary for the body-health are contained in the medicinal roots found in the earth, digested in the plant laboratory of Nature and made ready for man or animal?

There is a growing belief among scientists that the vegetable kingdom furnishes us with the necessary elements for blood making and to keep that delicate balance of health that the human animal is so apt to disturb by wrong methods of living. Thus we know that we should get the phosphates from the wheat in our bread—or some great foods, and iron from certain vegetables, such as spinach and greens.

It is illogical then our best method for recovering our standard balance of health is to go to Nature's Laboratory—the plant life which will furnish the remedy.

Buried deep in our forests is the plant known as Golden Seal (Hydrastis) the root of which Edwin M. Hale, M. D., Professor of Materia Medica at Hahnemann Medical College, Chicago, states "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states." Dr. Hale continues:

"Prof. John M. Scudder says, 'It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched, and this blood feeds the muscular system.' I believe it first feels the increased power imparted by the stimulation of increased nutrition. The consequent improvement on the nervous and glandular systems are natural results."

Stillinger or Queen's root is another root which has long been in repute as an alterative (blood purifier) and Prof. John King, M. D., says of it: "An alterative unsurpassed by few if any other of our known alteratives—relieves irritation—an important cough remedy—coughs of years' standing being cured. Aids in blood-making and nutrition and may be taken without harm for long periods."

Nearly forty years ago, Dr. R. V. Pierce of Buffalo, N. Y., combined an extract of the two above roots, together with that of Stone root, Black Cherry bark, Bloodroot, Mandrake and Glycerine—into a prescription which he put up in a ready-to-use form, and called it Dr. Pierce's Golden Medical Discovery. It was most successful in correcting and curing such ailments as were due to stomach and liver derangement, followed by impure blood.

In cases of weak stomach, indigestion, dyspepsia, alteration of stomach or bowels, torpid liver, or biliousness, the "Golden Medical Discovery" has never been excelled as a tonic and invigorator which puts the affected organs "in tune" and enables them to perform their proper functions.

This alterative and tonic is indicated when you have symptoms of headache, backache, in fact "ache all over." When your appetite is gone, tongue turned, bad taste in mouth, foul breath, when you feel weak, tired, blue and discouraged, then is the time to take this natural restorative of Dr. Pierce. "Golden Medical Discovery" is not a secret, or patent medicine, because all its ingredients are printed on the bottle wrapper. It contains no alcohol, or other harmful, habit-forming, acutely chemically pure, triple refined glycerine being used as a solvent and preservative.

A good medical book, written in plain English, and free from technical terms is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It is a book of 148 pages, profusely illustrated. It is given away now, although formerly sold in cloth binding for \$1.00. Send 21 cents in one-cent stamps, to pay for cost of mailing only for paper-covered copy, addressing Dr. R. V. Pierce, Buffalo, N. Y.; or 31 cents for an elegantly cloth-bound copy.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic. Easy to take as candy.

COUNTY COURT DAY SALES.

There was a large crowd in the city on county court day (Monday).

A very considerable lot of horses were on the market, and some good ones brought top prices.

Quite a bunch of two-year-old steers were offered and brought fair prices. Cows and calves and plug horses sold low. Mules brought good prices.

Commissioner Posey sold a large number of houses and lots belonging to the estate of the late Mr. D. L. Huley.

The three-story brick store-

room, on Main street, just west of this office, now occupied by the Rupert Grocery Co., brought \$9,000, which is considered a splendid price. There was a number of competing bidders, but it was finally knocked down to Gen. Percy Haley, as a representative of the heirs, and all the other property was likewise bought in by him, quite a number bringing good prices.

The sale was made to fix a basis for a division among the heirs.

THE LIVER QUARANTINE

"Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.
A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.
Two sizes, 50c and 75c. All druggists.

Heart Strength

Heart strength, or Heart Weakness, means Nervous Strength, or Nervous Weakness—nothing more. Presumably, one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden trouble, never that really is all at fault. This obscure nerve—the cardiac, or heart nerve—simply needs, and must have, more power, more stability, more couraging, more governing strength. Without that the heart must continue to fail, and die a much and kinder's also have these nerve-feeding nerves.

The heart excites why, as a medicine, Dr. Shoop's best advice is that in the past does much for weak and ailing hearts. Dr. Shoop's best advice is that in the past does much for weak and ailing hearts. Dr. Shoop's best advice is that in the past does much for weak and ailing hearts.
